# Foreword

We are pleased to present the "Mental Health Resource Guide" for students at the University of Ottawa. This guide contains current mental health resources that can be used by students on the University of Ottawa campus, as well as additional pertinent resources in the Ottawa-Gatineau area.

This guide is the result of a collaborative work of the ad hoc Mental Health Committee composed by graduate students in psychology and professors of the School of Psychology.

This guide is structured in three main sections: 1) services on the University of Ottawa campus, 2) services in the Ottawa-Gatineau region and 3) other resources. The services presented in each section are presented in alphabetical order and not in order of importance. You are invited to consult the guide to determine the service (s) that are most relevant to you and your needs. Information on how to contact the services, their descriptions and the costs can be found there.

This document is an ongoing work and should be updated as changes occur to the resources presented in this guide. Would you note that a resource is not up to date, we invite you to contact Dr. Tim Aubry ([Tim.Aubry@uottawa.ca](mailto:Tim.Aubry@uottawa.ca)).
